

As part of our continual journey of ‘Discovering Better’ we ensure that as many products as possible within our range are Vegan friendly. We also ensure that these products are registered with the Vegan Society who are one of the most widely recognised vegan organisations in Europe. The Vegan Society ensure that vegan products throughout the UK adhere to their strict vegan standards, meaning that they do not contain animal ingredients, that these ingredients are also not tested on animals and that processing aids used in the manufacturing process are also vegan. The Vegan Society’s ‘Sunflower’ logo is depicted on our website next to all our vegan friendly products making them easy to find.
